## Truman Asks TV Tax, Higher Corp. Levies

### Congress Would Lower Excise Taxes

Washington, Feb. 3—(AP)—The Truman administration today asked congress to tax television sets ten per cent, cut other sales taxes and increase top corporation income levies in a great overhaul of revenue laws figured to raise treasury income \$1,000,000,000 a year.

Secretary of the Treasury Snyder took the administration's extensive program to Capitol Hill where he immediately bumped into strong demands that heavier slashes be made in the sales and other federal excise taxes.

From business circles also came cries that the reductions proposed were not enough for business health.

### Most Limit Revenue Loss

Snyder said the revenue loss at this time must be limited and should be aimed at the "most harmful" excises. He pointed to the president's insistence that these tax cuts be made up elsewhere. And he asked for an increase from 38 to 42 per cent in the upper level levy on corporation income, along with a sharp rise in revenue from estate inheritance and large gifts.

Here is what Snyder suggested be done about the excises:

1. Cut taxes on retail sales of furs, luggage, jewelry and toilet preparations from 20 to 10 per cent. The tax would be removed entirely from baby oils, powders and lotions. Estimated reductions: \$190,000,000 a year.

2. Long distance telephone and telegraph taxes cut from 25 to 15 per cent. Estimated reduction: \$120,000,000.

3. Out from 15 to 10 per cent the tax on railroad, bus, airplane and other transportation. Saving: \$75,000,000.

4. Repeal the 3 per cent tax on freight charges, figured to knock off \$310,000,000.

5. Tax television sets 10 per cent in line with present excise taxes on radios, to bring in \$400,000,000.

This would leave untouched a number of excise taxes sharply increased during the war, including theater tickets. Attacks in congress on the excises have centered on the war tax program.

Snyder told questioning members of the House Ways and Means committee that he stands by President Truman's insistence that excise cuts be matched by increased revenues. But he said that the treasury would consider other cuts that members may show to be urgent.

### Tazewell County Told To Enforce Gambling Statutes

Pekin, Ill., Feb. 3—(AP)—Horse jockeys, slot machines and other amusements of chance disappeared in Tazewell county today after a sheriff filed seeking to compel the sheriff to enforce gambling laws.

Authorities of Mason county, which adjoins Tazewell on the south, also ordered all gambling to cease.

Ferd McGrane of Tremont, who says he formerly collected gambling payments for the City of Peoria's general fund, yesterday filed in circuit court a suit which seeks to compel Sheriff Herbert Hirstein to enforce gambling laws.

McGrane's petition said gambling laws are "openly violated" in Tazewell county. He said dice tables are in operation, horse bets are taken, and that government records show 419 slot machines in the county.

Hirstein, now running for Republican nomination for county treasurer, said he has received no complaints of gambling in his domain.

McGrane said he formerly collected gambling payments in Peoria at the rate of \$7,500 monthly, under the late Mayor E. N. Woodruff. He said these payments went into the city treasury and that "everything I did was open and above board."

### Rita To Resume Film Career Soon

Gstaad, Switzerland, Feb. 3—(AP)—Rita Hayworth said today she hoped to resume her film career as soon as possible.

Convincing her after the birth of her daughter, Princess Yasmin, Rita said in an interview that she had received "innumerable" film offers from Hollywood, but could not consider a return until she had fully recovered from her confinement.

Yasmin was born in a clinic at Gstaad on Dec. 23 to Rita and her husband, Prince Ali Khan. It was a difficult, 12-hour labor.

## Report Miners Told Not To Work Monday

Washington, Feb. 3—(AP)—Persistent reports of another full scale strike in the coal mines spread tonight on the eve of John L. Lewis' formal reply to White House plans for a truce in the months-old dispute.

A United Mine Workers committee in the Taylorville, Ill., area said UMW members across the country had been ordered to walk out Monday.

They would join 100,000 already on strike in apparent protest over the union-imposed three day work week.

### Nation's Flood Danger Eased As Rivers Level Off

By the Associated Press

Swollen rivers began receding or leveling off in most of the nation's flood danger spots Friday, easing the threat of new damage.

Nearly 40,000 are homeless in six states. But barring new heavy rains the number is expected to drop as rivers shrink back into their beds.

Rains stopped and skies cleared over most danger areas.

The homeless include 23,000 in Arkansas, 10,000 in Kentucky, 4,500 in Tennessee, 1,000 in Ohio, 900 in southern Missouri and 100 in West Virginia.

The only precipitation reported in the country was a little light rain in southern Texas and along the Central Gulf coast and a few snow flurries in New York State.

The coldest spots in the nation were in Minnesota and northern Wisconsin where readings averaged between zero and five below and in the northern Rockies where the average was 15 to 20 below.

The Ohio river continued to rise at Cincinnati, but only at a rate of one-tenth of a foot an hour. Upstream, the Ohio began to fall. The predicted flood crest of 60.5 at Cincinnati would cause little or no damage. There would be some minor flooding in Ohio river valley communities which regard such occurrences as normal.

### Reds Demand U. N. Seat Now Held By China Nationals

Lake Success, Feb. 3—(AP)—The Chinese Reds made an impatient demand today for the seat held by Nationalist China on the economic and social council, a major organ of the United Nations.

They named an American-educated former official of Nationalist China as their delegate to the council's winter session opening next Tuesday.

He is Chi Chao Ting, who holds a doctor of philosophy degree from Columbia University and has an American wife. He served in Chiang Kai-Shek's finance ministry.

Another Red Chinese, Wen-Tien Ghang, also American-educated, was nominated by the Communists to the council. Both Ghang and Chi apparently are still in China.

The new move by Red China to set into the U. N. was disclosed by Secretary-General Trygve Lie here at his weekly press conference. He got a cable from Li Ke Nung, vice-minister for foreign affairs at Peking, reminding Lie that on Jan. 19 the Communists demanded the expulsion of the Nationalist China delegation.

Lie relayed the telegram to all the 59 United Nations.

### U.S. Rebuffs Russ Demand For War Trial Of Hirohito

Washington, Feb. 3—(AP)—Russia's belated demand for trial of Emperor Hirohito as a war criminal was virtually rejected today by the United States in a sharply-worded statement.

An official State department note turning down the formal Russian request is expected to go to Moscow within a few days.

In a preview of its attitude, the State department today attacked the surprise Russian move on three counts:

1. The accusation is a smoke screen intended to cover up "Soviet failure to repatriate or otherwise explain the fate of over 370,000 Japanese prisoners detained in Soviet-occupied territory."

2. The Japanese emperor already has been specifically exempted from war crime trials with Russian consent, in a decision taken by the Far Eastern commission April 3, 1946.

3. Russia as a member of this international policy making tribunal knows it should bring up such a problem there if it wants the exemption given the emperor changed.

"That the Soviet government did not elect to do so but made belated charges in a sensationalized manner raises obvious questions about the real motive behind the Soviet note," press officer Michael McDermott of the State department told a news conference.

Russia brought up the matter in a 22-page note handed by Ambassador Panushkin to Secretary Acheson Wednesday. The usually close-mouthed Panushkin promptly told reporters about it as he left Acheson's office.

The Russian note accused Emperor Hirohito of responsibility for biological warfare against Russian, Chinese, and Mongolian forces during the war. It asked that a special international court be created to try him and four other top-ranking Japanese generals it named as accomplices.

These five, the Russians contended, approved and directed a specially created Japanese army biological warfare unit which caused the death of more than 3,000 persons of "death-dealing germs."

## Waltham Watch Co. Closes; Blames RFC For Plight

Waltham, Mass., Feb. 3—(AP)—The 100-year-old Waltham Watch Co., oldest in the nation—shut down today amid bitter charges the American watch-making industry was being "sold down the river."

A company representative and labor union leaders joined in denouncing the Reconstruction Finance Corporation for refusing to extend the firm another \$2,000,000 in working capital to keep going.

At the same time, they called the closing a blow to national defense. The Waltham plant was wholly converted to war work in both world wars—turning out a major share of military timing devices such as those used on bombs and torpedoes.

Rep. Nicholson (R-Mass.) blamed "bungling of the reciprocal trade program" for closing of the Waltham company.

The Truman administration, Nicholson said in a Washington statement, "failed to set up proper safeguards to protect American watch-makers from a flood of Swiss watches coming into this country at prices far below the costs of American producers."

Other New England industries, he said, "are being throttled in the same manner" to the advantage of foreign products.

The shut-down threw 1,200 out of work—costing this suburban Boston city of 40,000 population a weekly payroll that runs about \$47,000.

Walter Cenerazzo, head of the Independent Watch Workers' union, charged the dumping of Swiss watches on the American market at low prices was ruining the industry in this country.

Assailing the administration for failing to check Swiss watch imports, Cenerazzo said:

"In 10 years more than a hundred million watches have been imported into this country. We only have a population of 150 million."

Employment in the American jeweled watch industry, he said, has fallen more than 3,100 in 14 months.

Daniel J. Lyne, Boston attorney who was named a trustee and helped reorganize the Waltham company a year ago after the firm went into bankruptcy, charged:

"The RFC evidently is out to sell the firm down the river."

Lyne warned that closing the Waltham plant would hurt national defense.

### Illinois News Briefs

Columbia, Ill., Feb. 3—(AP)—Leo Menner, 75, vice president of the Monroe National Bank here and a director of the Columbia distillery, died in a Belleville hospital of paralysis yesterday.

His wife, three daughters and seven sons survive. Service will be here Monday.

Joliet, Ill., Feb. 3—(AP)—Because of the coal shortage, Joliet cops were able to get only big lump coal to heat the police station.

But the station's stoker requires nut-size coal. So guests these days in the lockup are getting workouts with a sledge on the coal pile.

Cypress, Ill., Feb. 3—(AP)—Villagers stood by helplessly, unable to call for help, and watched their Baptist church destroyed by flames yesterday.

An ice storm cut off telephone service earlier this week for this Johnson county community, about 12 miles north of the Ohio river.

The Rev. Ceiba Marshall said faulty heating equipment caused the fire. He estimated the loss at \$10,000.

"We couldn't even save the hymnals," the pastor said.

East St. Louis, Ill., Feb. 3—(AP)—James St. Louis, manager of East Side Associated Industries, opened a campaign yesterday against two hospitals which do not honor memberships in the St. Louis Blue Cross plan.

In letters to members, Starnes suggested that East St. Louisans who belong to the St. Louis plan refuse to pay their bills at St. Mary's and Christian Welfare hospitals here "and let the hospitals sue."

Springfield, Ill., Feb. 3—(AP)—The State insurance department today approved certain reductions in automobile insurance rates charged by the Allstate Insurance company of Chicago, effective Feb. 10.

The company estimates the reductions will result in an annual saving of \$150,000 to its policyholders, the department said.

Decatur, Ill., Feb. 3—(AP)—The Crown Cork and Seal company of Baltimore announced today it will move its Decatur plant to St. Louis.

The Decatur plant is the Crown Cork Specialty company, maker of bottle caps and home canning devices. It was started here in 1917 as the Williams Sealing corporation.

It has employed several hundred persons in the past, but now employs about 100. During the war, the plant made belt buckles for the army.

Centerville, Ill., Feb. 3—(AP)—Safety valves on a truck tank filled with 5,500 gallons of gasoline prevented a disastrous explosion amid a flaming garage here last night.

The Oil Transit Co. garage, situated in a west side residential section, and its contents except the tank truck were destroyed at a loss of \$25,000, fire chief C. E. Conder reported.

### Says No American Subs Working Off California Coast

San Francisco, Feb. 3—(AP)—If submarines were operating off the Humboldt coast of northern California last week end, they definitely were not American, the 12th Naval district said today.

The navy said the description of the reported submarine or submarines relayed by the coast guard Bureau conformed with a German type captured by the Russians.

A student pilot and the skipper of a commercial fishing boat gave the first word on spotting an unidentified submarine off the coast about 300 miles north of San Francisco.

The navy said it was not apprised of the reports until late yesterday. By that time, it was too late to undertake an air search.

The reports are being "evaluated," a spokesman said.

### OKAYS FLIGHT ACTIVITY

Springfield, Ill., Feb. 3—(AP)—Private and commercial air flight activity has been authorized at greater Rockford airport following completion of first stage construction, the state aeronautics department said today.

The airport has one of the largest field areas in the state.

## British Scientist Gave Russ H-Bomb Secrets

### Soviets Open Berlin To Trucks Once More

Frankfurt, Germany, Saturday, Feb. 4—(AP)—The Russians suddenly reopened the truck road from western Germany to Berlin early today, two hours and 45 minutes after they had closed it. When they stopped traffic, they said the highway was dangerously icy.

The Russians had halted all vehicles at the Russian-British zonal border near Helmstedt at 9:30 p.m. (2:30 p.m. CST). At 12:15 a.m. (5:15 p.m. CST) Russian border guards suddenly raised the barriers again.

West German border police said the Russians had offered to let trucks resume travel "at their own risk."

Roads in the area were still slick, but German police said several traffic snarls which had developed between Helmstedt and Berlin due to skidding trucks had been untangled.

This apparently led to the Russian decision to let travel resume.

Within half an hour after the Russian barrier had gone up, four trucks moved across the line in each direction. Two hundred more vans were still lined up on the western side of the border awaiting their turn.

Truck traffic at three other crossing points along the Russian zone border proceeded normally tonight.

The Russians dropped their objections at noon to a new type shipping method on truck cargoes from west Germany, but still limited truck movements through the Helmstedt checkpoint to five an hour.

British sources in Bonn said some kind of counter measures "are under tripartite discussion" among American, British and French authorities.

The U. S. state department said in Washington yesterday a counter blockade is under consideration.

### Government Begins 'Dumping' Millions Of Surplus Spuds

Washington, Feb. 3—(AP)—The government began "dumping" some 25,000,000 to 40,000,000 bushels of surplus potatoes back on the farm today at practically giveaway prices just to get rid of them.

Potatoes which cost the government \$1.25 a bushel on a national average under price support programs will be sold back to the farmer at one cent per hundred pounds.

The farmer can use them as fertilizer, livestock feed, but they can't be sold for human consumption. They will be dyed to prevent that.

This action was ordered by Secretary of Agriculture Brannan who earlier this week he said he had two alternatives—to let the spuds rot or to spend millions to give them away.

Brannan told a news conference today it was a good time to take a "straight forward look" at the potato problem which he said has cost the government \$500,000,000 in the past several years.

The department meanwhile announced that it was slashing price supports on the 1950 crop to \$1.01 a bushel, a drop of nine cents below the previous level.

### 3 Illinois Cities Begin Their Part In Slum Clearing

Washington, Feb. 3—(AP)—Three Illinois cities today began their participation in the new billion dollar slum clearance program with approval of their requests for reservations of capital grants.

Reservations approved by the housing and finance agency included: Chicago Heights, Ill., \$132,860; Harvey, Ill., \$78,540; Waukegan, Ill., \$182,280.

The capital grant reservations are not binding commitments to enter into contracts for financial aids, the agency said.

In order to maintain them, it explained, definite steps toward developing definite projects must be taken within six months.

The program is authorized by the housing act of 1949, which provides \$1,000,000,000 in loans and \$500,000,000 in capital grants over a five-year period to aid communities in slum clearance and making areas available for private or public development.

### Indiana Theaters Boycott Bergman's Film 'Stromboli'

Columbus, Ind., Feb. 3—(AP)—A chain of Indiana movie houses advertised today it would not show "Stromboli," starring Ingrid Bergman.

"It is time the exhibitors of the nation refused to play pictures starring persons that bring discredit to them and the motion picture business," the newspaper advertisement in six towns said.

"That will make immorality and misconduct unprofitable for Hollywood and force them to deal with the public," the ad continued.

T. J. Finerman, president of Synagogue Theaters, Inc., a group of six theaters, sponsored the ad. The synagogue operates theaters in Columbus, Franklin, Wabash, Elwood, Batesville and Oakland City.

### U. S. Liner Crippled As Gale Bashes It On Dock

London, Feb. 3—(AP)—A roaring gale swept the U. S. Liner Washington against a Southampton dock today and tore three holes in her port side.

The storm raging along Europe's Atlantic coast from Britain to Portugal and through the English channel, also gave the Cunard Liner Queen Mary a rough time. Already breaking seas, the Mary, with 1,948 passengers aboard, was unable to enter Cherbourg, France, harbor for several hours. Debarking passengers were said many of their number were slightly injured on the crossing by falling or being thrown against walls of the rolling ship.

The gale started shipping elsewhere in coastal waters, tossed huge waves over sea walls and flooded roads in many parts of Britain, over the measure to be sent back to the House.

### Set Up Single Military Code

Washington, Feb. 3—(AP)—The Senate approved 62 to 9 today legislation setting up a single code of military justice for the Armed forces.

At present, the army, navy, air force and coast guard have different rules for trying military offenders.

Provisions of the bill would permit an enlisted man to demand the privilege of having enlisted men on the court trying his case and would prohibit guilty pleas in cases involving death sentences.

Defendants would be guaranteed competent legal counsel who could cross-examine witnesses at a pre-trial investigation of charges.

The House already has passed the bill, but the senate made changes requiring the measure to be sent back to the House.

## Police Arrest Him In London

Washington, Feb. 3—(AP)—Senators quoted FBI Chief Edgar J. Hoover tonight as saying evidence shows that a top British scientist, under arrest in London, passed hydrogen bomb data as well as vital A-bomb secrets to Moscow.

Hoover was further quoted as saying that the scientist, Dr. Klaus Fuchs, had confessed to spying activities. One senator said, however, that the scientist may be tried by British courts on a relatively minor charge in order to avoid airing some aspects of the case which might touch on still retained atomic secrets.

Hoover testified for three hours behind closed doors at a meeting of a Senate appropriations subcommittee.

Committee members said Hoover told them the London scientist, German-born Fuchs, 38, came into possession of some information about the projected H-bomb which President Truman has ordered American scientists to develop.

Worked During War

Fuchs, who worked on wartime atomic projects in the United States for three years, was seized by Scotland Yard agents—acting on a tip from the FBI—and jailed today on charges of violating the British Official Secrets Act.

Members of the Senate committee quoted Hoover as saying the evidence indicates that Fuchs gave Moscow the H-bomb information he had gleaned, as well as key data about the A-bomb.

But they said they did not get a clear impression from Hoover whether the H-bomb information available to Fuchs when he was last in this country, in 1947, was vital enough to help the Russians materially.

The senators who told newsmen about Hoover's testimony stipulated that their names must not be used. Gave Graphic Account

They said Hoover gave them a graphic account of the Fuchs case. He was reported to have asked congress for funds to hire 700 more employees—including about 300 new FBI agents—as a means of tightening security on the nation's top secrets.

Senator Bridges (R-NH) told newsmen later that Hoover's story was "one of the most shocking things I have ever listened to."

The FBI chief was said to have given the committee extensive information on the whole communist spy setup in the United States.

Senators who heard Hoover's recital said they were convinced that through Fuchs and other agents, the Russians were able to speed up their time-table for making an A-bomb by "many months."

They said they also feared that Moscow may have learned enough about H-bombs from Fuchs to advance their development of the dread "hell bomb."

Hoover was quoted as saying there was evidence that Fuchs had become a paid Russian spy as early as 1928.

### New Jersey Has Less Tax On Autos Than Other States

Chicago, Feb. 3—(AP)—If you live in New Jersey, you pay lower taxes on a private automobile than the people of any other state, if you live in Virginia, you pay the highest.

This was disclosed today in a survey made by Griffiths and Associates, consultants in management.

The survey was based on a medium priced passenger car.

Taken into consideration were state and local property taxes (if any), state and local license taxes and state motor fuel taxes for vehicles of average use.

In general, southern states levy higher total taxes on motor vehicles than other states, while eastern and mid-western states levy the least, the firm said.

Annual tax in New Jersey was placed at \$29.95. Then came Michigan at \$30.65, Ohio at \$35.00, Delaware at \$39.25 and Wisconsin at \$41.00.

At the other end of the scale were Virginia at \$22.62, Kentucky at \$23.25, Nebraska at \$29.28, Kansas at \$28.59 and North Carolina at \$28.50.

### WEATHER

The Norbury Sanatorium, cooperative observer for the United States Weather Bureau, yesterday reported the temperatures for Friday as follows: High, 46; low, 11; and at 6 p.m., 34.

Sunrise today 5:26; sunrise Sunday 7:03.

Forecast for Illinois—Generally fair and somewhat warmer today, High 46 to 50.

# City Asks Injunction To Halt Operation Of Local Cabinet Shop

Violation of the Jacksonville zoning ordinance is charged in a complaint for injunction filed Friday in circuit court by the City of Jacksonville against Ardell Glasgow, Kate A. Glasgow and John N. Deatherage, occupants and owner of property at 1256 South Main street.

The plaintiff alleges that the Jacksonville Cabinet Shop has its headquarters in a building at that address, and that it is located in Class A residence district under the zoning ordinance.

The suit lists Ardell Glasgow and Kate A. Glasgow as occupants and John N. Deatherage as owner of the property.

The city alleges that the Glasgows are using the property for "commercial, industrial and manufacturing purposes," causing disturbance and inconvenience to the surrounding neighborhood. The complaint for injunction states that the defendants have been requested to desist, but that they persisted in operation of the cabinet shop.

According to the plaintiff, the cabinet shop operated motors day

and night so that different intensities of high, shrill sound and vibrations were produced. Saws and hammers are used, together with paint spray guns which throw off noxious fumes and odors which permeate the neighborhood, the complaint alleges.

The suit sets forth that the cabinet shop is located across the street from the Jacksonville State hospital where several thousand mental patients are cared for.

City Attorney W. L. Fay filed the suit asking an injunction as the result of action by the city council, which instructed the city attorney to proceed with legal action. A petition asking abatement of the alleged nuisance was filed by a number of citizens with the council several months ago.

## WHOSE CAR IS THIS, ANYHOW?

Two men received a big surprise early Friday morning on East State street, just east of the square.

John Carl, Jr., started to climb into his automobile which was parked in front of the Hook Insurance Agency. As Carl opened the door on one side, a man jumped out of the door on the other side.

Carl gave chase to the stranger, who hot-footed down the street and into an alley, from where he disappeared.

Reporting the incident to police, Carl said the stranger wore glasses and was bare-headed. A pair of dark glasses was missing from the glove compartment. The prowler may have been in the car for the purpose of pilfering it, or if the owner had not shown up when he did, another automobile theft might have resulted.

Celebrations of Halloween are believed to be derived from ceremonies of the Druids.

## Local Rifle Club Loses To Y Group At Springfield

The Jacksonville Rifle club was defeated Thursday in its weekly rifle match in the Central Illinois Rifle League, when the Y.M.C.A. club of Springfield scored 1863 to 1835 on the Springfield "Y" range.

The Springfield team consisted of: Numerich, 382; Dunnington, 381; Withrow, 378; Shively, 373 and E. Diller, 369. Also shooting for Springfield were H. Diller, 364; Mungall, 360; and Filbricht, 350.

Alvin Marshall again led the local shooters with 370, followed by Holman Robbins, 370; Dolly Robbins, 368; Friedrich Engelbach, 365; and Robert Foster, 362.

Other local shooters were Law, with 30 progressive business men of the Jacksonville area, are sponsoring the Jacksonville Photo Quiz, which will consist of a full page display in the Journal and Courier each week.

The next match will be held on the Washington school range Friday, Feb. 10, when the Bearstown Rifle club will be opposing team.

The indoor season is now half over and the score for the local shooters is four wins, three losses. Bethany Virden and Y.M.C.A. have decisively defeated the Jacksonville team. The local group has scored wins over the Bearstown, Havana, 123rd Infantry and Abe Lincoln clubs.

Visitors are always welcome to watch the matches and to participate in practice sessions, which are usually held on Tuesday evenings.

## ENTERS PLEA OF GUILTY TO DRUNKEN DRIVING

Thompson was involved in an automobile collision several days ago.

## Can You Identify Your Home From Air? Prizes Await Lucky Farmers

If you live on a farm in the Jacksonville area, and have seen or heard an airplane skimming over your home recently, you may be a Lucky Farmer.

Perhaps you were not at home when the plane prowled around over your property. That would make it a bigger surprise than ever, to learn that you are a Lucky Farmer.

Thirteen Lucky Farmers in the Jacksonville area will be singled out for substantial honors during the next 13 weeks. The details of this interesting series of events are set forth in a full-page announcement in this issue.

The Journal Courier in cooperation with 30 progressive business men of the Jacksonville area, are sponsoring the Jacksonville Photo Quiz, which will consist of a full page display in the Journal and Courier each week for 13 weeks.

Not long ago an airplane and a cameraman flew over the Jacksonville area, taking photographs of 13 farm homes and their immediate surroundings. One of these aerial photographs will be published each week.

## Occupants Can Secure Gifts

The occupants of the home who sees the picture should come to the Journal Courier and identify it. The occupant of the premises, which does not necessarily mean the owner of the farm, will thus qualify for some valuable gifts.

On the Saturday of each week following publication of the Lucky Farmer Photo Quiz photographs, prizes will be awarded to the Lucky Farmer on the stage of the Illinois Theater. Each Lucky Farmer who identifies his or her home will receive a beautiful enlargement of the aerial photograph, together with \$50 worth of gift certificates provided by Jacksonville business houses.

A total of \$500 worth of merchandise certificates will be given away.

## 'EXERCISE SWEETBRIAR' in the YUKON WINTER

The Whitepass and Yukon railroad, which runs to Whitehorse, Yukon Territory, is snowed under in 1945, a typical winter. "Exercise Sweetbriar" will be held in this cold territory.

Mechanized equipment is vital in Arctic military operations. Hundreds of items will be tested during the winter exercise.

A Canadian officer operates a mobile sled wireless station. Communication is increasingly important in Arctic defense.

Constructed during World War II across the Canadian wilderness, the Alaska Highway is the sole link between the United States and Alaska and is a vital defense highway.

# 3 Greene County Men Charged With Burglary Attempt

Three Greene county men are held in jail at Carlinville, Ill., to face charges of attempted burglary and larceny in connection with an unsuccessful break-in at the Smith restaurant in Palmyra.

Frank Walton, 49, and Charles Brown, 58, both of Roodhouse, and Hal Griffin, 41 of Athensville, pleaded innocent Thursday when arraigned in Macoupin county court. Bond was fixed at \$500 in each case.

Walton was arrested in Palmyra early Wednesday morning by Night Watchman Earl Dyer, who said Walton and two other men were trying to break into the restaurant. Brown and Griffin were taken into custody later by sheriff's deputies.

# Circuit Judge Rules For Waverly District In Territory Dispute

Circuit Judge DeWitt Crow of Sangamon county Friday nullified decisions of the Macoupin county and state school superintendents detaching several sections of territory in Sangamon county from the Waverly community unit school district, and annexing it to Virden community district.

I. K. Juergensmeyer, Macoupin county school head, ordered the transfer of territory on March 15 last year. The order was appealed to Vernon L. Nickell, state school superintendent. On Aug. 24 he upheld Juergensmeyer's decision.

Suit to set aside both orders was brought in circuit court at Springfield by members of the board of education of the Waverly district, who charged the proceedings were illegal.

Judge Crow said in his opinion that certain sections of the school code under which the county and state school superintendents acted, were repealed by a new law taking effect last July 28. "This act," he said, "authorized county judges to make changes in school district boundaries and provided for appeals to circuit court."

Judge Crow pointed out that before Nickell acted the law under the \$400,000 indebtedness, which the proceeding was pending before him was repealed.

"It follows that the orders of the county and state superintendents are both completely void," Judge Crow asserted.

He also ruled that the taxes of the Waverly district, including a levy to pay off \$400,000 in bonds, issued for the construction of a new school building, be spread over the entire district.

The Waverly board in its suit sought such an order. The board had asked if the court held the territory lawfully detached that the Virden district be made liable for the \$400,000 indebtedness.

# The Poor Man's Philosopher On Two Big Babies

New York.—(AP)—The world is talking about two big babies today—The Bergman boy in Rome and our own little chunk of sun, the hydrogen bomb.

Both come into a divided world of doubt, angry disillusionment — and divorce.

Ingrid's little lad will be only a nine-day wonder in a globe that likes to gossip about other people's public and private lives. Everybody wishes him well, and he has a fine future before him.

Our own strapping boy, the hydrogen bomb, hasn't even been born yet. But he is on the way. Just when he'll arrive is the great secret—a secret that can't last.

No baby in history will be more unwelcome. His father is fear and his mother is science, and he can't be anything but a problem child.

If he turns out to be a real juvenile delinquent, well—we all will walk a tightrope over death.

As the years go on other nations will have more of these hideous offspring, and so will we, and what will we do with them all? Once the first one is let go, they will all be free, and like madmen children they will turn against their creators and destroy us. There is no blinder wrath than that of an angry child, because it knows no control.

The mere conception of this terrible creature shows mankind, too, has lost control of itself. What, then, can it expect of its baby? The hydrogen bomb is the last, best—perhaps hopeless—argument for planned parenthood in the political realm.

Once it is born and turns bad there will be no dark closet to punish it in. But it can shut us up in a dark closet itself, and close the door behind us.

And the hydrogen bomb will then be a happy, happy orphan. A child is a problem and people oughtn't to have one unless they can do so happily and in hope—together.

Steel, automobile, rubber and—smaller degree—railroad issues were the most popular and a couple of favored shares climbed as much as a point or so.

Radio-television stocks got out of tune with the rest of the market after news that the administration proposed a ten per cent manufacturers' excise tax on TV sets.

Turnover topped 2,000,000 shares for the second day running. Bueller, 530 S. Wells St., Chicago 7, Ill., for the full session amounted to around 2,400,000 shares. For several minutes immediately after the opening, trading was so fast that the ticker tape fell behind in reporting transactions.

Selected railway lines attracted a little support in the bond market.

## Spreen Spearheads Rocket Offense With 24 Points; 11th Win

With A. J. Spreen's 24 points pacing the attack Routt's Rockets spurred to a 46-37 PMBC conference triumph over the invading Chambers-planks last night.

Spreen continued his phenomenal scoring by tossing in ten points in the first quarter against a cold Chambersburg, which had a cold start. Routt's attack was paced by Spreen, jumped out front in the third quarter and Routt, still the first quarter against a cold Chambersburg, has racked up 20 points or better in the Rocket's last five games, hit five out of five gift tosses in the second period and added a

## Franklin Edges Rival Waverly Outfit 34-32

Waverly — Joe Treat's Franklin Flashes downed arch-rivals Waverly in a hotly contested 34-32 hardwood fracas here last night.

Sweet and Rawlings paced the winning attack, scoring 12 and 10 points each. Laughran and Mitchell netted 11 apiece for the losing Scottie five.

The Franklin seconds made it a clean sweep for the visitors, winning the first game 57-40.

The box score:

## Psychiatrist Says Girl Sane When She Killed Father

Bridgeport, Conn., Feb. 3.—(AP)—A psychiatrist's testimony that Carol Ann Paught was sane when she killed her father was flung today by the state as a final challenge to her plea of temporary insanity.

It was virtually the last piece of evidence presented in Carol Ann's mercy slaying trial for the Sept. 23 shooting of police Sgt. Carl Paught, incurably ill with cancer.

Soon after state and defense ended the testimony on which an all-potent jury of nine women and three men will judge the 21-year-old blonde, accused of second degree murder. Conviction on that charge would mean a life sentence.

The trial was recessed until Tuesday. Final arguments and the judge's charge to the jury remained. Lawyers said the case would go to the jury late Tuesday.

It was with the testimony of Dr. Joseph M. Lesko, that the state sought to counter the defense claim that Carol Ann, described as a victim of a "cancer phobia," went out of her mind when she was told that Sergeant Paught was riddled with cancer.

"She was sane," said Dr. Lesko.

## Five Canton Youths Sentenced To Jail In Burglary Series

Lewistown, Ill., Feb. 3.—(AP)—Five Canton youths accused of a series of Fulton county burglaries have been sentenced to six months in the county jail.

A sixth, Charles Zilch, Jr., 20, will be taken into circuit court Monday and charged with violation of probation on a previous conviction for burglarizing the Canton Country club. He is accused of burglarizing the club twice since his previous conviction.

The five sentenced to six months by County Judge W. S. Jewell yesterday were Robert Johnson, 20, Harmon Moore, 22, Gale McNett, 21, Robert Ackerman, 20, and Benno Allg. 19. All pleaded guilty. Johnson was placed on probation for three years. The others were placed on probation for five years.

The six were arrested Tuesday night on information which State's Attorney Arthur D. Young said was furnished by Calvin Hart, 22, who was convicted of an armed robbery at Canton recently and now is in jail awaiting sentence. Young said he would take Hart into circuit court Monday and would recommend a sentence of 10 to 40 years.

## PUT OFF FINAL HOUSING VOTE

Washington, Feb. 3.—(AP)—A Senate banking subcommittee has put off until next Monday a final vote on the administration's new housing program for "moderate income" families.

This action was taken yesterday after the group agreed on some changes in the multi-billion dollar measure. Chief of these was a provision to prevent excessive fees or under-the-table payments on all government insured projects.

## William Tilden Named Top Tennis Player Of 1900's

Hollywood, Feb. 3.—(AP)—William Tilden II—big Bill, ultra-sophisticate of the world's tennis courts—was genuinely gratified that he had been named the greatest tennis player of the past 50 years.

He showed his delight in understated manner, hardly in keeping with some of the disdaining characteristics of the great Tilden of the golden '20s. He meant it when he said, "I am truly grateful for this honor."

## Carrollton Wins Greene Tourney Crown Third Time

Greenfield — Carrollton's Hawks won the Greene county tournament championship for the third time in a row here last night, setting a new record for successive crowns in the county meet.

Dick Hamman's Carrollton outfit knocked off White Hall 53-37 in the title tussle. The Hawks led all the way.

Greenfield downed Roodhouse 52-46 to claim the consolation prize.

## Winchester Leads Jacks All The Way To Grab 74-58 Win

Winchester — An inspired Winchester Wildcats pack rode rough-shod over the visiting Jacksonville high school Crimson here last night and gained sweet revenge for an earlier defeat by clipping the Jacks 74-58.

Jackman's Carrollton outfit knocked off White Hall 53-37 in the title tussle. The Hawks led all the way.

Greenfield downed Roodhouse 52-46 to claim the consolation prize.

## Dr. Ruth Seabury Of Congregational Mission To Speak

Dr. Ruth Isabel Seabury of Boston, Mass., called "an internationalist by instinct" and one of the most brilliant speakers in American church circles, will speak in the Pilgrim Memorial Congregational church Sunday at 10:45 a.m., and at a city-wide youth service in Grace church Sunday at 7:30 p.m.

Dr. Ruth Isabel Seabury

Dr. Seabury is easily one of America's outstanding Christian women leaders and speakers on the program of the church at home and abroad. She is dynamic, humorous, incisive and courageous in her presentations and leaves behind her the reputation of being "one of the people who have made a difference."

She is the first woman to receive an honorary degree from Elton College, which conferred upon her a Doctor of Literature during its golden anniversary celebrated in 1940. She is a graduate of Smith College and has made several trips abroad, including an extended world tour, during which she visited 27 countries.

In 1938 Dr. Seabury was one of only 49 American and Canadian delegates to the great ecumenical church meeting in Japan. For the past year she has been in Japan. She brings back to America a message from Asia and a view of what Christians must do at home if they are to help the missionaries in the Far East who are doing the spade work for the foundation of a just and durable peace.

Miss Seabury is also an author with a facile pen. Her latest book is "What Kind of a World Do You Want?"

This question on "World Order" she will take for her sermon theme Sunday morning, and in the evening she will speak on "The Youth of Japan." A cordial invitation is extended to the general public to attend both services.

Miss Seabury will be on the Illinois campus Monday and Tuesday.

## Versailles Women Of Churches Meet

Versailles — Forty women were present when two classes of the Methodist Sunday school held a dinner, cafeteria style, for two classes of the Christian Sunday school at the former church parlors, Thursday. A devotional period and a social hour followed.

A potluck supper at 6:30 p.m. Monday will begin the February meeting of the Legion Auxiliary with Mrs. Allan Thompson. Members are asked to bring a covered dish and table service. Warm silk hose should also be brought for the rehabilitation project.

Gilmore-Walsh Wedding

Miss Odell Elizabeth Gilmore, daughter of John T. Gilmore of New Bloomfield, Mo., was married to Daniel Edward Walsh, son of Mrs. Jessie M. Walsh of Versailles, at 7:15 p.m. Friday near Bloomfield. Rev. John Rader performed the ceremony, and wedding music was furnished. The bride was dressed in aqua with black accessories and pink carnations. They will make their home at Versailles.

## Victory Class Meets At Chapin

Chapin—The Victory class of the Chapin Christian church held its January meeting at the church with 10 members and two guests, Margaret Willard and Rev. Wilson, in attendance.

A social hour was held, during which refreshments were served by the hostesses, Melba Laughery and Billy Mattes.

Mrs. Luther Brockhouse is visiting her daughters and their families, Mrs. William Farr in Galesburg and Mrs. Caryl Hart of Alexander.

## LESLIE G. HEUSTON PLANS SERMON SERIES

A series of sermons on the great affirmations of the Christian faith will begin Sunday at the Central Christian church by the Rev. Leslie G. Heuston at the morning worship hour. The general theme of the series, "I Believe," will be the subject of the first sermon.

Copies of these sermons will be available without charge at the close of each service. The series will continue through Easter.

## BOY SCOUTS TO ELECT 'CITY OFFICERS' TODAY

Candidates for city offices will be chosen this morning when the Boy Scout Citizenship class meets at 9 a.m. at MacMurray College. Class Leader Walter B. Hendrickson and Scout Executive D. M. McDermott will supervise the election in the basement of Main hall.

Those elected today will attend the meeting of the city council next Monday evening under the leadership of Alderman L. Allen Kelly. Saturday's meeting will be the final date for Scouts to enroll in the citizenship class.

## Franklin Double Birthday Dinner Honors Brothers

Franklin—A joint birthday party was celebrated with a potluck dinner at the home of Mr. and Mrs. Albert Cline this week in honor of the birthdays of Albert Cline, 84, and his brother, Edgar, 77, of Pittsfield. Their birthdays occurred last Sunday.

Present were Mr. and Mrs. Edgar Cline, son and wife, and Mr. and Mrs. Leslie Cline of Pittsfield, Mr. and Mrs. Alvin Cline, Mr. and Mrs. Lewis Cline, Mr. and Mrs. Orval Kelly and daughter, Mrs. Vella Witham of Jacksonville, Mr. and Mrs. James Adkins of Ashland and Mr. and Mrs. George Cline of Franklin.

## Says Freedom Vs. Security Is Big Topic In Capital

"Let's Be Thrifty In 1950" was the subject of a talk given by R. Karl Baker, secretary of the Jacksonville Chamber of Commerce, at the Rotary club meeting Friday noon.

Mr. Baker is president of the Illinois State Association of Chamber of Commerce Executives. In this capacity he recently made a trip to Washington, D.C., with the presidents of other state associations to study legislation proposed by President Truman for action by the present Congress.

Mr. Baker said qualified speakers discussed the various points of President Truman's program. They pointed out that the Truman program is designed to elevate the lower level income group and bring down the upper level by giving up freedom for security. Some observers believe, Secretary Baker said, that some of the groups which might benefit under the programs are opposed to them, and that the trend may be turning away from the principle of exchanging freedom for security.

The speaker was introduced by Dean Wendell S. Dyringer, program chairman.

## Leading Students At Carrollton Receive Awards

Carrollton—Students of the Carrollton High school who made the honor roll three times during the year were presented scholastic honor letters Friday Feb. 3 in the assembly period.

## Morgan Woman Found Dead In Water Tank

Miss Ollie Mae Stewart, well-known resident of the Sinclair neighborhood, was found dead Friday afternoon while the rest of the family attended a funeral in Beardsburg, Pa.

Miss Stewart went outside and through which held approximately a foot of water. She was 37 years old and had been under the care of a physician for months.

Miss Stewart and her aged mother had remained home at the farm.

A search of the farmstead found Miss Stewart in the oblong, metal watering tank. It was surmised that Miss Stewart had suffered a stroke as she was standing near the tank, or while she was sitting on the edge of it.

Coroner C. H. Muehlhausen was called to the farm. He will conduct an inquest at the Williamson Funeral Home at 7:30 p.m. Saturday.

Miss Stewart was born in Morgan county Oct. 24, 1892, a daughter of Leander J. and Laura Parrott Stewart. Both of her parents survive. She also leaves five brothers and one sister: Harold of Ashland, John of Alexander, Myron of Champaign, Chester of Alexander, Russell of Champaign and Miss Lorene, at home.

Miss Stewart was a member of the Berea Christian church.

The remains were brought to the Williamson Funeral Home, but will be at the family residence after noon Sunday. Funeral arrangements are incomplete.

## 17 Schools Given 137 War Surplus Instruments Free

An assortment of 137 war surplus band instruments valued at \$13,377 was obtained for 17 schools free of charge by B. W. Smith, Cass county superintendent, Monday at Indianapolis.

The recipients will be five Cass county schools, ten Macoupin county schools, the Pleasant Plains high school and the Pittsfield Community unit.

The schools must pay the hauling charges from Philadelphia to Indianapolis and thence to the Virginia high school, where distribution will be made at 9:30 a.m. Saturday. Each school will be given approximately \$800 worth of instruments, which will become its property and may be used for educational use only.

The schools cannot dispose of their donations without prior approval by the state educational agency for surplus property.

The band director and superintendent of each school will be present to receive the instruments at Virginia. The school superintendents of Virginia, Beardsburg, Ashland, Chanderville and Arenville indicated that they would like to obtain band instruments for their schools at a meeting in Smith's office Dec. 5, after he had requested the surplus material on Nov. 29.
